## News On Strikes

CHICAGO, May 11—(AP)— The threat of a rail strike sidetracked, operations swung back to normal today over America's vast railroad network and in embargo-harried

The canceled 6 a.m. (local standard time) deadline passed in all four time zones without a single reported break in railroad service. From railroad headquarters everywhere came the same

report: "Operations normal." Leaders of three operating brotherhoods in Washington called off their scheduled strike at 10:20 p. m., EST last night, in compliance with a federal court order. They telegraphed this word to their locals throughout the country. locals throughout the country. Principal Effects

Cancellation of the strike had or was expected to have these principal effects almost immediately:

1—Embargoes by 88 class one railroads banning shipment of perishable foods and livestock were lifted. 2-Thousands of laid off

workers in the California-Florida fruit and vegetable industries and in shipping agencies will be recalled. 3-Prices of vegetables and fruits, which skyrocketed in the wholesale markets over

the weekend, are expected to return to normal levels with resumption of shipments. The railway express agency lifted its embargo on livestock, poultry and perishable freight shipments and cancelled furlough notices to its

employes. Some railroads put on extra cars to handle the backlog of embargoed cargoes.

### Management and Union Represented; Unions Withdraw Strike Order Monday

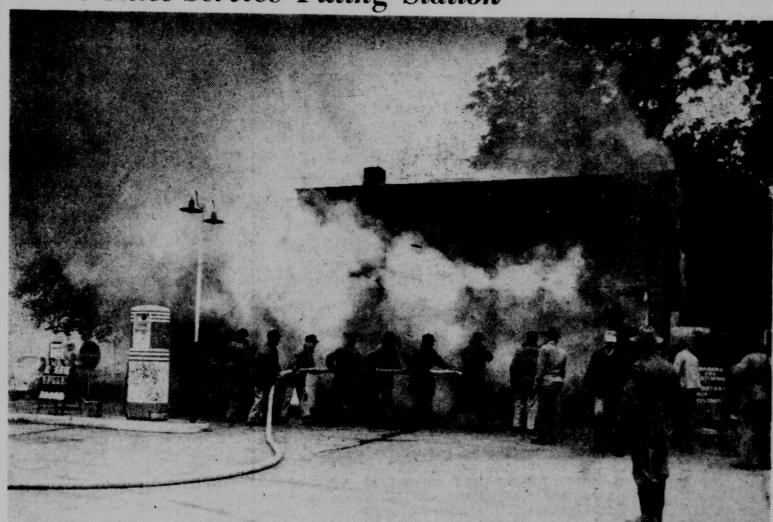

WASHINGTON, May 11 - (AP) — Army Secretary Royall, boss of the railroads under government operation, said today he will name a union-management advisory board to help him run

them. Royal reported to a news conference that the roads are operating in normal fashion. Bans against shipment of perishable goods-such as livestock and fresh produce-were lifted. Most railroads put on such bans last week end because of the strike called by three operating brotherhoods from 6 a. m. (local railroad time)

The unions withdrew their strike order last night after the government seized the railroads and got an order from Federal Judge T. Alan Goldsborough forbidding a strike. Goldsborough is the judge who twice fined John L. Lewis and his United Mine Workers for disobeying court or-

IN A CHOICE OF MAGNIFICENT BODY STYLES AND TWO SEPARATE PRICE RANGES

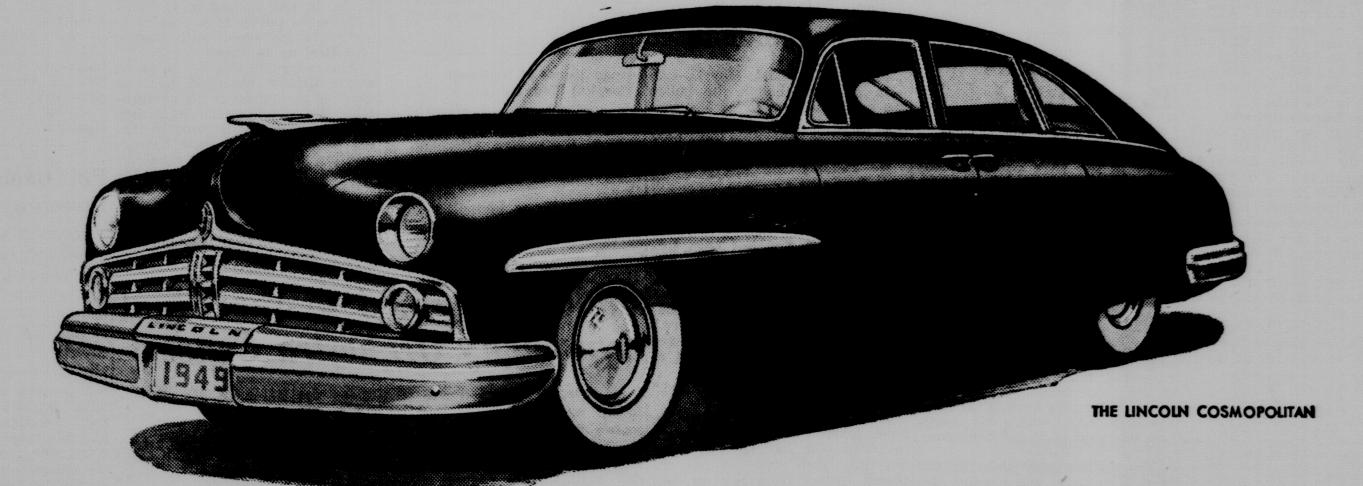

You'll see the subtle difference that means perfection the moment you catch sight of these new 1949 Lincoln cars in your Lincoln dealer's showroom. Here is the look of the car you've been waiting for! The first 1949 cars in any field. The most thrilling news in the entire fine car field for many a year!

Both the new Lincoln and the new Lincoln Cosmopolitan have low, hug-the-road lineslines that promise sure-footed fleetness in action. A more perfect engine has never been built! Completely new, 152-horsepower strong, 8-cylinder, V-type, it has been designed with the precision of an aviation engine.

And what beautiful riding comfort! Perfect balance and marvelous super-balloon tires take the sway out of curves. The Lincolns were built to "cradle" you gently, and in high style. For you've never seen smarter upholstery and color combinations, nor appointments in finer taste.

We spent years perfecting the new 1949 Lincoln cars. That's why, before you make any car decision, you should look at Lincoln!

Nothing could be Finer\_or Newer!

The triumph, coupled with Boston's 6-0 victory over the Cardinals in a night game at St. Louis, put the Pirates in a virtual tie for first place with the idle New York Giants and the Redbirds. Early Wynn registered his third victory with a five-hit perform-ance as he pitched the Washing-ton Senators to a 6-2 triumph over the St. Louis Browns in a night contest at the capital city. With Washington leading 4-2 in the eighth, the Browns blew a good chance to sew up the game by failing to score with the bases loaded and none out. Whitey Platt grounded out, Al Zarilla looked at a third strike and Ken Wood swung and missed three in a row.

The National league's only scheduled day game, between the Giants and Cubs in Chicago, was postponed because of rain.

### Ankle Fractured In Motor-Bicycle Accident

Two youngsters riding double on a motor-bicycle resulted in an injury to the driver of the bike "Billy" Pirtle, son of Mr. and Mrs. C. L. Nicholson, 131 East Walnut street, Monday night at 6:15 o'clock.

The accident occurred when the riders were turning a corner at Main street and Osage avenue, and crashed into a parked car.

The police were notified, and took the injured boy to the Bothwell hospital.

Dr. Gordon Stauffacher treated the youth there where the report showed a fractured ankle.

HERE'S EVERYTHING YOU WANT IN A FINE MILK COOLER

ONLY **\$30 DOWN** 

You can depend on Wards electric milk cooler to cool your milk fast... and to keep it cool! That means low bacteria count-more money for your milk! Wards cooler does a better cooling job because it operates on the faster, more uniform circulating water method. And its efficient refrigerating unit (equipped with Delco motors) and strong, fiberglassinsulated cabinet will give years of good service. See it TODAY!

WHY WARDS CIRCULATOR AGITATOR COOLS YOUR MILK FASTER AND BETTER

The cutaway view shows how the circulator in the center of the coil keeps the water in motion. This prevents a "cold" bottom and a "warm" top. And that means ALL the water (and your milk) cools faster . . . and uniformly! Milk is cooled from animal temperature to 50° in less than an hour!

## Fatally Injured

ANNAPOLIS, Md., May 11-(AP) -Midshipman George J. Eliopolus, 23, died Monday, 20 minutes after a javelin flung by a fellow

Eliopolus, son of Mr. and Mrs. track athlete and varsity basketball player, was working out at Thompson stadium when the accident occurred.

Capt. E. B. (Whitey) Taylor, navy athletic director, said the second class midshipman was "struck in the neck by a javelin that slipped from the hands of

Midshipman George B. Stone." Taylor said he didn't think the spear traveled more than 15 yards. Eliopolus himself pulled it from his neck, but collapsed immediately afterward.

Stone, a second classman from Kingsport, Tenn., was "hospitalized suffering from shock," Captain Taylor reported.

THE STORY: Patience Mond. primiy brought up by two maiden aunts, is in love with Paul Taylor, aunts, is in love with Paul Taylor, whom her aunts have forbidden her to see because they have never been properly introduced. Charlotte, Patience's twin sister whom she has not seen since childhood, is a stage star rehearsing a show in London. She invites Patience up to spend a day with her, dresses her smartly from her own wardrobe. Patience meets Roger Dickson, popular actor and Charlotte's boyfriend. She sees Paul again. They quarrel. A few days later, Roger calls for Patience at the dressmaking school she attends in London but she avoids him. Charlotte invites her to the opening of her new show and to stay overnight with her.

Disease Deaths

CHICAGO, May 11 - (AP) -Deaths from coronary thrombosis -one of the most common and fatal forms of heart disease—can be cut from one third to one half with new blood-controlling drugs, a 20 months nationwide study showed Monday.

The investigation was sponsored by the American Heart Association with the financial support of the U.S. Public Health Service. It involved 1,000 patients in 17

The drugs used principally are the anticoagulants dicumerol and heparin. They tend to prevent blood from clotting. Coronary thrombosis is the formation of a blood clot in an artery leading directly to the heart. If the clot becomes big enough to shut off all or most of the blood to the heart, the sufferer dies.

Dr. Irving S. Wright, Associate Professor of clinical medicine at Cornell university, described the study in a paper before the Ill-inois State Medical Society annual meeting.

NEW YORK—(P)—The subway is an underground avenue to and from work.

It is also a place where you can pick up a bedbug or a cold, make a home, commit a murder, hear a harmonica duet, meet a girl, close a business deal or buy a pencil from a blind man.

Some people believe the subway made modern New York City possible. Others are just as sure it has made the city possible.

The subway is a twice-a-day purgatory to millions who have to ride it during the rush hours. To out-of-towners it is first an adventure, then just one more reason why "New York's a great place to visit, but I sure would nate to live here."

Safest Railroad It is the safest railroad in the world, but it remains a claustrophobic hell for many who get nervous when the train rolls under the East river. They go on for years dreading a tube collapse and swift drowning in rushing waters. It is futile to point out to these people this isn't likely to happen. "Here anything can happen," they say. In that they are about

The subway is also often a home on the lam for people who want to hide out. But detectives know this is a "missing persons" refuge, and the subway is one of their regular beats.

The talented boy whose voice sounded swell in Keokuk but hasn't stirred an echo on Broadway often picks up small change yodeling to subway riders going home from the movies. Pitch men peddle novelty jewelry, wax flowers, neckties and song sheets. It is a wonderful place to buy from a shabby bum a "hot diamond ring at a bargain" that is no diamond, no bargain, nor "hot." Lots of Trash

The subway has the city's largest circulation libraries - trash boxes in which readers stuff newspapers and others pluck them out for free.

At every point the subway touches the life of the city. There even is a theory that the subway is responsible for the Brooklyn accent-it is the only speech that will penetrate the noise of grinding wheels.

## Permit To Sell **Electric Lines**

JEFFERSON CITY, May 11— (P)—Sho-Me Power Corporation of Marshfield, Mo., was permitted Monday to sell its Texas county electrical distribution lines.

The city of Cabool won state public service commission approval of a plan to buy Sho-Me's lines within the city, contingent on tomorrow's municipal election to give Sho--Me a 20-year franchise so it can continue to operate a substation there.

The city plans to buy Sho-Me's intra-city lines for \$54,500, to be raised by revenue bonds. Present Cabool electrical customers of Sho-Me would be served by the municipal utility thereafter.

Lines outside the city would be purchased by Intercounty Electric Cooperative Association by taking over \$4,340 or Sho-Me's indebtedness to the Federal Rural Electrification administration. The acquisition by Intercounty would give that cooperative an integrated distribution system within Texas county.

The PSC found that no public hearing would be necessary in agreeing to the transfers of Sho-Me's property in Texas county.
